SAINT AMBROSE SCHOOL REPORT CARD

For Ohio's public schools, report cards use multiple measures to determine each school's designation. To earn one of the indicators for 2007-2008, at least 75% of students tested must score proficient or higher on a given assessment. Although Catholic schools utilize the Iowa Test of Basic Skills and the public schools utilize Ohio Achievement Tests, both assessments provide data regarding the proficiency of students' learning. Please note that at the time of this preliminary report, the public schools did not have 2008-2009 achievement assessment results; therefore, this preliminary report compares two different academic years.
